AT THE BACK OF THE NORTH WIND

“The North Wind Blows”

Destiny, Jasper, Onyx, Brandon, Christie, Lindsay, Shannon

DESTINY:

Stand clear ‘cause when she blows
The world you know is gonna turn upside down
Stand here, but goodness knows
She’ll take your hand and twirl you around

DESTINY, JASPER, ONYX, BRANDON, CHRISTIE, LINDSAY, SHANNON:

The North Wind blows
So you better hold on
She’ll move through ocean, field, and tree
And there she goes
So you better come see
She’ll blow and she’ll blow
And she’ll set you free

ONYX:

She’ll make a breeze or blow a storm

JASPER

She’ll warm or freeze you
Never know which one
Yeah

BRANDON, CHRISTIE, LINDSAY, SHANNON:

Both are real and that's the norm
Till life is over that's how it's done

DESTINY, JASPER, ONYX, BRANDON, CHRISTIE, LINDSAY, SHANNON:

The North Wind blows
So you better hold on
She'll move through ocean, field, and tree
And there she goes
So you better come see
She'll blow and she'll blow
And she'll set you free
She'll blow and she'll blow
And she'll set you free

The North Wind blows
So you better hold on
She'll move through ocean, field, and tree
And there she goes
So you better come see
She'll blow and she'll blow
And she'll set you free
She'll blow and she'll blow
And she'll set you free

“Why”

Diamond

DIAMOND:

All night, sound bytes
Runnin' through my brain like a
Boom box, maxed out
What am I gonna do

Twirling, swirling
Kinda wanna shout
Gettin' spazzed out, psyched out
What's it all about

Why why why
Does a bird begin to fly

So high
I wish I could learn to fly
Oh why
Do we do what we do
Is it real, is it true

Why why why
Does a bird begin to fly
So high
I wish I could learn to fly
Oh why
Do we do what we do
Is it real, is it true

“Ride the Wind”

North Wind

NORTH WIND:
The wind blows where it wants to blow
Where it comes, you just don't know
You can't see the wind
But you see what it does
You feel when it's coming
And you see where it was

Ride the wind
And watch the world unfold beneath you
When you catch me in your sails
Running through your hair
When you ride the wind
I'll take you anywhere

The wind blows where it wants to blow
Where it comes, you just don't know
The Spirit's the same
And He goes where He will
And one thing is certain
You won't catch Him standing still

Ride the wind
And watch the world unfold beneath you

When you catch me in your sails
Running through your hair
When you ride the wind
I'll take you anywhere

Ride the wind
And watch the world unfold beneath you
When you catch me in your sails
Running through your hair
When you ride the wind
I'll take you anywhere
Just ride the wind
I'll take you anywhere

“Scrub the Stars”

Destiny, North Wind, Diamond

DESTINY:

Take a look what you can be
When you trust in things that you can't see
Though your mind may be reeling
You go through the ceiling
Your faith rockets up to the sky

DESTINY, NORTH WIND, DIAMOND:

Scrub the stars
You can make the heavens shine
You can reach for high above
You can go beyond the line

When you scrub the stars
You can shine as bright as day
When you take a leap of faith
You can find a greater way

NORTH WIND:

Take a look what you can do
When that prayer of faith has now come true

NORTH WIND, DESTINY:

Though it may seem confusing

I'm glad that I'm choosing
To trust in the things I can't see

DESTINY, NORTH WIND, DIAMOND:

Scrub the stars
You can make the heavens shine
You can reach for high above
You can go beyond the line

When you scrub the stars
You can shine as bright as day
When you take a leap of faith
You can find a greater way

Though it may seem confusing
I'm glad that I'm choosing
To trust in the things I can't see

Scrub the stars
You can make the heavens shine
You can reach for high above
You can go beyond the line

When you scrub the stars
You can shine as bright as day
When you take a leap of faith
You can find a greater way

“A Little Daylight”

Little Daylight, Princess Terminus, Prince Wellus

LITTLE DAYLIGHT:

I sleep all day and I live all night
I wish my situation was all right
Stuck fast in a pit so low
All dressed and nowhere to go

A little daylight
Is all I ever see
Just a little daylight
Happening to me

Call me Little Daylight
Please will you set me free

PRINCESS TERMINUS:

I sleep all night and I live all day
'Cause everything works out my way
Someday I'll have fun in the great sunshine
When the throne and the kingdom are mine

A little daylight
Is all she ever sees
All the fame and fortune
It'll be a breeze
But for Little Daylight
That's all she ever sees

PRINCE WELLUS:

She sleeps all day and she lives all night
If only she could see the light
A simple kiss would work so well
If this was a fairy tale

LITTLE DAYLIGHT, PRINCESS TERMINUS, PRINCE WELLUS:

The day and night
Were created in a day
'Cause the light and dark
Have a role they gotta play
But for Little Daylight

LITTLE DAYLIGHT:

It's always been this way

“EZ Fixer”

Brandon, Christie, Lindsay, Shannon

LINDSAY:

When things go wrong inside the house
And all the pipes go bust

SHANNON:

There's just one gang that Mum and Dad
Will always know to trust

BRANDON:

We'll always do the job for you
Our price is fair and square
When something needs a fix-up
EZ Fixer will be there

CHRISTIE:

So when your things are breaking down
You really feel stuck-in
Sometimes you need an EZ Fix
To make them go again

LINDSAY:

You can't get better than an EZ Fixer

SHANNON:

Can't get better than an EZ Fix

BRANDON:

You can't get better than an EZ Fixer

CHRISTIE:

Fix-er-up and they fix it right

LINDSAY:

If only life could be like that
Then it would be a breeze
Just turn the wrench and you'd be fixed
To do just as you please

SHANNON:

But in this world there's tribulation

Says so in the Book
There's good and bad and wheat and tares
Wherever you may look

BRANDON:
Can't always have an EZ Fix
For when the north wind blows

CHRISTIE:
While on the earth, there's problems
And that's just the way it goes

BRANDON, CHRISTIE, LINDSAY, SHANNON:
You can't get better than an EZ Fixer
Can't get better than an EZ Fix
You can't get better than an EZ Fixer
Fix-er-up and they fix it right

“Supernaturally Natural”

Jasper, Onyx, Captain Lightspeed, Starbright, Photon, Twilight, Eclipse

STARBRIGHT:
Wise up, look out, stand up
Whatcha gonna do
When you fall down
With the bad guys all around

CAPTAIN LIGHTSPEED:
Rise up, think fast, stand strong
Everything is real
And it's no dream

CAPTAIN LIGHTSPEED, STARBRIGHT, PHOTON:
It's a world you've never seen

CAPTAIN LIGHTSPEED, STARBRIGHT, PHOTON, ECLIPSE, TWILIGHT, JASPER,
ONYX:
I am supernaturally natural
What's unseen is eternal and unbreakable
Open your eyes to the battle that's raging
Soldiers are engaging

JASPER:

Wise up, look out, stand up
Whatcha gonna do
When it gets tough
And the world is not enough

ONYX:

Rise up, think fast, stand strong
There's another place
That you can't see

ECLIPSE, TWILIGHT:

But it's real as real can be

CAPTAIN LIGHTSPEED, STARBRIGHT, PHOTON, ECLIPSE, TWILIGHT, JASPER,
ONYX:

I am supernaturally natural
What's unseen is eternal and unbreakable
Open your eyes to the battle that's raging
Soldiers are engaging

JASPER, ONYX:

Everyday I gotta choose light or darkness
Everyday I gotta choose light or darkness
Everyday I gotta choose light or darkness

CAPTAIN LIGHTSPEED, STARBRIGHT, PHOTON, ECLIPSE, TWILIGHT, JASPER,
ONYX:

I am supernaturally natural
What's unseen is eternal and unbreakable
Open your eyes to the battle that's raging
Soldiers are engaging

“Morning Star”

Destiny

DESTINY:

The Bright and Morning Star
Beginning and the end
When the world is caving in
And you can't find a way to win
He's the one that you can call your friend

Look for the Morning Star
Above the raging sea
When the waves are crashing down
And you feel you're lost and can't be found
He always was and evermore will be

The Bright and Morning Star
The Lamb of God is He
Even in the darkest night
He is the way, the truth and light
At the door of your eternity

He takes your hand
Gonna be okay
You'll make it through today

“At the Back of the North Wind”

Goodness

GOODNESS:

Beyond the bank
On the other side
At the back of the North Wind
When the road comes to your end
Believe and you will make it there

Beyond the bank
On the other side
At the back of the North Wind
When the road comes to your end
Believe and you will make it there

THE RAVEN: A VICTORIAN REDEMPTION

“Bleak December”

Miss

MISS:

Ah, distinctly I remember
Sometime in bleak December
Dying embers wrought their ghosts upon the floor

Doubting, dreaming, pick your poison
Shouting, screaming, hold the noise in
Listen to the whisper at the chamber door
And you might just wish you were darling, dead Lenore

Once upon a midnight dreary
Pondering so weak and weary
These fantastic terrors never felt before

My heart is beating in the stillness
I wonder ever will this
Darkness haunt my dreams, and yes, I must implore
Why are things always nevermore

“The Bells/There is Hope”

Griswold, Camille, Madeline, Ludwig, Reynolds, Stark, Moribund, Annabel

CAMILLE:

In the world of Poe, you're always dying
Best to know even when you're trying
Ten to one by the end of it you'll be dead

GRISWOLD:

In the world of Poe, it's dark forever
Round up your next of kin together
Give up hope, for your life is doom and dread

GRISWOLD, CAMILLE, MADELINE, LUDWIG, REYNOLDS, STARK, MORIBUND:
Hear the tolling of the bells

How they clang and clash and roar
Jangling and wrangling
The danger sinks and swells
Ding-dong, the tolling of the bells

LUDWIG:

The trouble with Jack the Ripper
He did everything too big
He turned all the girls into little pieces
Horrid, I know, but the fame increases
Now we all know about Jack's caprices
People always like a lot of fame
But evil doesn't always play that game

CAMILLE:

The same with Amelia Dyer
She did everything too big

CAMILLE, MADELINE:

To do it to babies is not so nice
No justification will suffice
We said it before and we'll say it twice

MADELINE:

People always like a lot of fame
But evil doesn't always play that game

GRISWOLD, CAMILLE, MADELINE, LUDWIG, REYNOLDS, STARK, MORIBUND:

In the world of Poe, the evil lurks
Inside your heart till you go berserk
And toss and turn when you're lying in your bed

Hear the tolling of the bells
How they clang and clash and roar
Jangling and wrangling
The danger sinks and swells
Ding-dong, the tolling of the bells

ANNABEL:

There is hope
Even in your darkest day
There is peace
When the clouds are dark and gray

God of hope, God of joy
Be my ever present help in trouble
Lift my soul out of this rubble
In the darkness I can see
There is hope

“You Can’t Take It With You”

The Raven

RAVEN:
Did you ever think
Hey, I like that
Wish I had it inside my house right now
Whatcha waitin’ for
Gotta get that
Thing somewhere, someway, somehow

Did you ever think
Hey, I want that
Gotta get it someday before I die
Whatcha waitin’ for
Gotta get that
Somewhere in the by-and-by

You can’t take it with you
So you might as well have it now
The hours come, the hours go
Before you even start to know
Down and down and down you go
To a creepy crawly grave
No, you can’t take it with you
So take everything right now

Did you ever think
Hey, I need that
Better get it before it goes away
Whatcha waitin’ for
Gotta get that
Snatch up, grab up every day

You can't take it with you
So you might as well have it now
The hours come, the hours go
Before you even start to know
Down and down and down you go
To a creepy crawly grave
No, you can't take it with you
So take everything right now

You can't take it with you
So you might as well have it now
The hours come, the hours go
Before you even start to know
Down and down and down you go
To a creepy crawly grave
No, you can't take it with you
So take everything right now

“That’s the Way It Goes”

Madams Stark and Moribund

MME. STARK:
London bridge is falling down
Over and over again
Things don't always go the way you want to
Sorrow and pain will soon confront you
Far as everyone knows
That's the way it goes

MME. MORIBUND:
Ring around the rosy
But we all fall down again
Just when you thought you had it made
The storm will destroy your day in the shade
Far as everyone knows
That's the way it goes

STARK, MORIBUND:
London bridge is falling down
Not just in nursery rhymes
The Bible says clear in Ecclesiastes

Some of your days will be really nasty
Far as everyone knows
That's the way it goes

MME. STARK:
Some days are good, some days are bad

MME. MORIBUND:
And some are happy, some are sad

STARK, MORIBUND:
No plan of mice and man can tell
The wind which way it blows
That's the way it goes

“Kingdom by the Sea”

Annabel

ANNABEL:
I remember a kingdom by the sea
Things are always better in your memory

In your mind you can make
You can give, you can take
We create a dungeon or a kingdom by the sea
You can be the victor or the captive of your mind
Depending which you choose to be

I remember a kingdom by the sea
Is it just a figment of my memory

In your mind you can make
You can give, you can take
We create a dungeon or a kingdom by the sea
You can be the victor or the captive of your mind
Depending which you choose to be

“Human Nature”

Camille, Madeline

CAMILLE:

Try your best but you still mess up
Fix the world but it's still corrupt

Human nature, whatcha gonna do
It's bad, it's ugly, and nasty, too
If you leave all things to human nature
Life and the world are totally through

MADELINE:

Think you're good but you're really bad
Try out happy but end up sad

CAMILLE, MADELINE:

Human nature, whatcha gonna do
It's bad, it's ugly, and nasty, too
If you leave all things to human nature
Life and the world are totally through

Nowadays it's understood
We all do bad but we say it's good

That's human nature, whatcha gonna do
It's bad, it's ugly, and nasty, too
If you leave all things to human nature
Life and the world are totally through

“Did You Ever Wonder, Edgar Allan Poe”

Miss

MISS:

Did you ever wonder, Edgar Allan Poe
Why your life's asunder
Did you see the beauty
Of the mountains and the trees
All creation sings His praise
Did you see

Did you ever wonder, Edgar Allan Poe
That you made a blunder
Staying blind to what could make you
Safe and free
Every day the Spirit moves
Did you see

Did you ever wonder, Edgar Allan Poe
In the rain and thunder
Did you hear the majesty
Of God your King
Every day He's calling you
Did you see

“A Dangerous Way”

Cherry

CHERRY:

It's always the same no matter the time

Let the punishment fit the crime

If we redefine what the crime really is

Then punishment's gone and life's a whiz

And they all say, this is a probable

Way they can do the unstoppable

They never see it's a dangerous way

It's always the same no matter the day

We take what's wrong and make it okay

If we compromise what we know is true

Then anything's good if it works for you

And they all say, this is a probable

Way they can do the unstoppable

They never see it's a dangerous way

“Butterfly”

Raspberry, Soda Pop

RASPBERRY:

What are you doin, butterfly
Build a cocoon where the old worms die
You’re growin’ wings and flyin’
And livin’ all over again

SODA POP:

What are you doin’, butterfly
Metamorphosizin’ before my eye
You’re born once more and flyin’
And livin’ all over again

RASPBERRY & SODA POP:

What are you doin, butterfly
Build a cocoon where the old worms die
You’re growin’ wings and flyin’
And livin’ all over again
And livin’ all over again

“What I Wanted to Do”

Flower, Judy, Joey, Boomerang

JUDY:

I used to know what I wanted to do
I wanted to fly
Higher and higher
And soaring away with a wish on a star
Me, you, and everyone
We’d be going so far

JOEY, BOOMERANG:

I used to know what I wanted to be
I wanted to sail
Further and further
And swimming away to the depths of the sea
Drowning and sinking
But hey, I’m just being me

FLOWER:

I used to know what I wanted to do
I wanted to fly
Higher and higher
And soaring away with a wish on a star
Me, you, and everyone
We'd be going so far

“Green Balloon”

Flower, Judy, Joey, Boomerang, Betty, Tork, Cass, Veronica, Stonehill, Trogg

FLOWER, JUDY, JOEY, BOOMERANG, BETTY, TORK, CASS, VERONICA, STONEHILL,
TROGG:

We live life in a green balloon
A green balloon, a green balloon
We live life in a green balloon
'Cause we're blowin' all over town

TORK:

Sail away on a great idea
You thought that you had for you

TROGG:

You find out soon that you're flippin' around
And you're swirlin' down right down to the ground

TORK, TROGG:

Why did I get in a green balloon
Tumblin' all around

FLOWER, JUDY, JOEY, BOOMERANG, BETTY, TORK, CASS, VERONICA, STONEHILL,
TROGG:

We live life in a green balloon
A green balloon, a green balloon
We live life in a green balloon
'Cause we're blowin' all over town

CASS:

Fly away on a vain belief
Created by human hands

STONEHILL:

It falls apart even more and more
Like LBJ and his Vietnam War

CASS, STONEHILL:

All gonna pop like a green balloon
Tumblin' all around

BETTY:

You can try to reach the sky
With plans that are made by men

VERONICA:

At the Tower of Babel, they tried that, too
Didn't work back then, wouldn't work for you

BETTY, VERONICA:

That's what you get in a green balloon
Tumblin' all around

JUDY, JOEY, BOOMERANG, BETTY, TORK, CASS, VERONICA, STONEHILL, TROGG:

We live life in a green balloon
A green balloon, a green balloon
We live life in a green balloon
'Cause we're blowin' all over town

"Amazing Grace"

Cass California

CASS:

Amazing grace
How sweet the sound
That saved a wretch like me
I once was lost but now I'm found
Was blind but now I see

'Twas grace that taught my heart to fear
And grace, my fears relieved
How precious did that grace appear
The hour I first believed

When we've been there ten thousand years
Bright shining as the sun
We've no less days to sing God's praise
Than when we've first begun

“I’ll Follow You”

Flower

FLOWER:

I just want to take some time
To say what I can say
I found a Man called Jesus
And He took my sin away

And His Holy Spirit came
And I’ll never be the same

And I’ll follow You
I will go where You say go
And I’ll always try
To magnify
The Savior of my soul
And I’ll follow You

I just want to take some time
To say what I can say
I found a Man called Jesus
And He made me like the day

And I’m shining like the sun
‘Cause of what my Friend has done

And I’ll follow You
I will go where You say go
And I’ll always try
To magnify
The Savior of my soul
And I’ll follow You

Amazing grace, how sweet the sound
Amazing grace, how sweet the sound

“Who Says”

Cherry

CHERRY:

You say “I believe this”
They say “We believe that”
Who says “Is it really true”

Everybody’s got an idea for something
Always trying everything out for size
Everybody wants it to be okay
To believe a pack of lies

You say “I believe this”
They say “We believe that”
Who says “Is it really true”

“We Are the Norm”

Al, Janna

AL:

Come and smell the roses, man
Join the movement if you can
It was wrong but now it’s right
No time to be polite

AL, JANNA:

It was taboo
It was not the thing to do
Beware, be warned
Just start kickin’ up a storm
Now it’s called a social norm

We are the norm
We are the norm
And we’re takin’ the world by storm

AL:

Makin’ love instead of war
This is what we’re fightin’ for
We’re headlines now so we just can’t lose

Nothing's wrong if it makes the news

AL, JANNA:

It was taboo

It was not the thing to do

Beware, be warned

Just start kickin' up a storm

Now it's called a social norm

We are the norm

We are the norm

And we're takin' the world by storm

AL:

Call it sin or call it sick

But I know a little trick

Nowadays the ladies faint

But twenty-five years, it'll all be quaint

AL, JANNA:

It was taboo

It was not the thing to do

Beware, be warned

Just start kickin' up a storm

Now it's called a social norm

We are the norm

We are the norm

And we're takin' the world by storm

We are the norm

We are the norm

And we're takin' the world by storm

“Believer Indeed”

Joey, Boomerang

JOEY:

You see I’m not everything
That I want to be

BOOMERANG:

So choose, choose today
Whom you’ll serve
I was up a tree

JOEY, BOOMERANG:

But now I am a believer
Come into my heart and open my eyes
When you believe
Oh, the colors you see
Whom the Son sets free is free
And a believer indeed

Now I am a believer
Come into my heart and open my eyes
When you believe
Oh, the colors you see
Whom the Son sets free is free
And a believer indeed

“Judy on the Moon”

Judy

JUDY:

Daddy said “Darling
You’ll never need anything
I’ll give you everything you need”

Daddy said “Darling
The world is your oyster
And you’ll have everything you need”

And I’ll be Judy on the moon
And I’ll be Judy in the clouds

And I'll be Judy in the stars
And I'll have everything
And I'll be Judy on the moon
And I'll be Judy in the clouds
And I'll be Judy in the stars

Daddy, your darling
She thought she had anything
Thought I had everything I need

Looks like your darling
Is falling to pieces
Till life releases what I need

And I'll be Judy on the moon
And I'll be Judy in the clouds
And I'll be Judy in the stars
And I'll have everything
And I'll be Judy on the moon
And I'll be Judy in the clouds
And I'll be Judy in the stars

Looks like your darling
Is falling to pieces
The one they call Jesus won't leave me alone

“Unicorns and Lollipops”

Veronica

VERONICA:
People look for a land where
Unicorns fly in the air
Where there's lollipops and rainbows
How do I get there
Nobody knows

Try to find your own paradise
But “the best laid plans of mice and men”
Are nice as far as plans go
But how do we get there
Nobody knows

Just to make your way down the street
Need a light and a lamp unto your feet
If not, you're chasing rainbows
And you'll never get there
'Cause nobody knows

“Turned Me All Around”

Flower, Judy, Joey, Boomerang

FLOWER:

Their love is psychedelic
Your love is pure angelic
You wash my sin and set my spirit free

FLOWER, JUDY, JOEY, BOOMERANG:

Lost but now I'm found
You turned me all around
And round and round
You turned me all around
And round and round
You turned me all around

JUDY:

Their love is weak and shallowed
Your love is deep and hallowed
And holy is Your name in all the earth

FLOWER, JUDY, JOEY, BOOMERANG:

Lost but now I'm found
You turned me all around
And round and round
You turned me all around
And round and round
You turned me all around

FLOWER:

So many years of tryin'
Now I'm on the road to Zion
And all because the Son has set me free

FLOWER, JUDY, JOEY, BOOMERANG:

Lost but now I'm found
You turned me all around
And round and round
You turned me all around
And round and round
You turned me all around

“Deep, Poor Creature”

Rose Fairy, Pocket

ROSE FAIRY, POCKET:

Deep, poor creature
Winter may come
He cannot reach her
While we're having some

Fantasy

What is happening to you and me
Is it just a fairy tale
Look again
See the truth and then
Believe

Deep, poor creature

Winter may come
He cannot reach her
While we're having some

Fantasy

What is happening to you and me
Is it just a fairy tale
Look again
See the truth and then
Believe

“Only One Home”

Percival

PERCIVAL:

Dark nights full of sorrow
When hope fades away
What comes tomorrow
When night turns to day

Many a road, and many an inn
Room to roam, but only one home
For all the world to win

“Upside Down”

Rose Fairy, Pocket

ROSE FAIRY:

Follow me to this land
Come with me and take my hand
We’re going inside out
So scream and shout
My love, this is what it’s about

ROSE FAIRY, POCKET:

And the world is a most peculiar place
And it’s upside down
And I’m upside down
And I’ll flip my head till I see Your face
‘Cause it’s upside down
Turn me all around
And round and round

POCKET:

Step across the threshold
May not be what you were told
They say that it’s not real
It’s no big deal
My love, I’ve just got to reveal

ROSE FAIRY, POCKET:

That the world is a most peculiar place

And it's upside down
And I'm upside down
And I'll flip my head till I see Your face
'Cause it's upside down
Turn me all around
And round and round

ROSE FAIRY:

Alas, how swiftly things go wrong
A sigh too much or a kiss too long

POCKET:

Now follows a mist and a weeping rain
And life is never the same again

ROSE FAIRY:

Alas, how hardly things go right
'Tis hard to watch on a summer night

POCKET:

For the sigh will come and the kiss will stay
And the summer night is a winter day

ROSE FAIRY, POCKET:

And the world is a most peculiar place
And it's upside down
And I'm upside down
And I'll flip my head till I see Your face
'Cause it's upside down
Turn me all around
And round and round

“Fairy Apologetics”

Kobold

KOBOLD:

Did you ever see a fairy
Did you ever see a goblin
All the many things that you've not seen
Creates a little problem

If you only base reality
On what your eyes have seen
Then you really haven't understood
What any of it means

Did you ever see an angel
Did you ever see a demon
That's the symbol in the story
So before you set to screamin'

Old MacDonald knew that some of you
Would never learn at church
So he set it in a fairy land
So you would have to search

For a moral, for a meaning
Hidden in a fantasy
If you missed it in the stain-glass
Then it's here that you will see

What is dark and what is light
And what is right and what is wrong
And who is God and who's the devil
Who's the writer of the song

And how to make it into heaven
How to pull yourself from hell
Do I know some things about it
Think you ought to bleedin' tell

There are some who think the Bible
Don't belong in fantasy
They say a fairy can't be used
In spreading Christianity

But Jesus, using mud or parables
Or fishes and some loaves
Changed the world forevermore
With people bowing down in droves

Seems like God can use a donkey
Or a common shepherd, wot
In the case of darling Rahab
He just used a common slut

'Cause He knows that certain people
Only listen when they see
Something interesting that lines up
With their sensibility

And for the people who would rather see
A fairy and a gnome
They might never get another chance
For heaven to be home

If the fairy story points the way
To everlasting light
Well, it seems to me it did its job
Evangelizing right

To fulfill His plans and purposes
God uses what He can
Even getting you to come in here
I guess that was the plan

“We’re Prancing”

Pocket

POCKET:
When the north wind blows here
I’ll tell a low, sweet tale to thee
It’s just a dream unless you believe

That we’re prancing, dancing
All around, everywhere

In a world of brick and mortar
Here we are beyond the borderline
We're doing fine
Here we're always prancing

Think it's all pretending
In the end you'll know for sure
That it's all real, so do you believe

That we're prancing, dancing
All around, everywhere
In a world of brick and mortar
Here we are beyond the borderline
We're doing fine
Here we're always prancing

We're prancing, dancing
All around, everywhere
In a world of brick and mortar
Here we are beyond the borderline
We're doing fine
Here we're always prancing

“Crown Him with Many Crowns”

Rose Fairy

ROSE FAIRY:
Crown Him with many crowns
The Lamb upon His throne
Hark, how the heavenly anthem drowns
All music but its own

Awake, my soul, and sing
Of Him who died for thee
And hail Him as thy matchless King
Through all eternity

Crown Him the Lord of life
Who triumphed o'er the grave
Who rose victorious in the strife
For those He came to save

Awake, my soul, and sing
Of Him who died for thee
And hail Him as thy matchless King
Through all eternity

Who died eternal life to bring
And lives that death may die
And lives that death may die

LITTLE CROOKED HOUSE

“Little Crooked House”

Rhonda, Shonda, Charlotte

RHONDA, SHONDA, CHARLOTTE:

Do wop do be do be do wah
Do wop do be do be do wah
Do wop do be do be do wah do

There was a crooked man
And he walked a crooked mile
He found a crooked sixpence
Against a crooked stile

He bought a crooked cat
Which caught a crooked mouse
And they all lived together
In a little crooked house

Do wop do be do be do wah
Do wop do be do be do wah
Do wop do be do be do wah do

RHONDA:

There was a crooked man
And he had a crooked wife

SHONDA:

Living in a garden

They had a perfect life

RHONDA & SHONDA:

But then they ate some fruit
And originated sin

CHARLOTTE:

So look out, everybody
'Cause evil's coming in

RHONDA, SHONDA, CHARLOTTE:

And we all live together
In a little crooked world
And we all live together
In a little crooked world

“My Life”

Nancy, Kathy, Jimmy, Dirk, Rhonda, Shonda, Charlotte

NANCY:

Does a wish on a star really work if you shout it
Does the foot of a rabbit really bring you good luck
'Cause I'm stuck in a fix and I need to get out of
This game of pretend that I call my life

JIMMY:

If you knock on some wood does it keep all the bad in
If you act like you're good, does it mean that you are
Does a car and a house really get me to win at
This game of pretend that I call my life

NANCY, JIMMY, KATHY, RHONDA, SHONDA, CHARLOTTE:

My life, my life, my life
How do I live out my life

Shoop da doop da doop
Da doo we ooh we oop
Da doop da doop da doop

KATHY:

Can a bird really fly when its wings have been clipped off

How can I succeed if you won't let me try

NANCY, KATHY:

What am I gonna do when my dreams have been ripped off

It's a game of pretend that I call my life

NANCY, JIMMY, KATHY, RHONDA, SHONDA, CHARLOTTE:

My life

(Nancy) what does it mean

My life

(Kathy) haven't you seen

My life

How do I live out my life

My life

(Jimmy) what do I do

My life

(Kathy) is anything true

My life

How do I live out my life

NANCY, KATHY, DIRK, RHONDA, SHONDA, CHARLOTTE:

“Naughty, Naughty”

Pamela

PAMELA:

Do you wanna bet
What you see is what you get
But no, it's a bunch of lies
This is all a big disguise

Twiddle dee dum
Everybody likes to hide
What you got on the inside

Naughty, naughty
From the very day you're born
A naughty, naughty boy or girl
Whichever the case we're all a bunch of
Naughty, naughty, prideful, haughty
Spiteful, hateful folks

No one is righteous, not even one
Everybody falls a little short
But luckily God sent His one and only Son
He makes us righteous, me and you,
If you will just believe He's true

Ike and Mamie were the same
And I'll confirm your greatest fears
Even all the Mouseketeers are

Naughty, naughty
From the very day you're born
A naughty, naughty boy or girl
Whichever the case we're all a bunch of
Naughty, naughty, prideful, haughty
Spiteful, hateful folks
Naughty, naughty

“Road to Happiness”

Salesman, Rhonda, Shonda, Charlotte

SALESMAN:

As a traveling salesman
I see a lot of things
The color of life
And the trouble it brings

You can look it up
Or go to Sunday school
But I guarantee
I got a better rule

In this one-time, once-in-a-lifetime offer
Everything’s gonna go your way
Don’t know where you’ll be for eternity
But I know where you’ll be today

Get on the road to happiness
Burn that rubber all day long
On the road to happiness
You won’t never go so wrong

Eternity’s great
But it seems far away
We’d rather be happy
Right now and today

‘Cause the toaster, the oven
The fridge and the sink
Can keep you from seeing
That you’re on the brink

Yeah, the Chevrolet’s
Lookin’ good and well
Doesn’t do you much good
When you’re burnin’ in- (*cancel sound; the word hell was forbidden by the Hays Code even when used in the right context*)

Get on the road to happiness
Burn that rubber all day long
On the road to happiness

You won't never go so wrong

In this one-time, once-in-a-lifetime offer
Everything's gonna go your way
Don't know where you'll be for eternity
But I know where you'll be today

SALESMAN, RHONDA, SHONDA, CHARLOTTE:
Get on the road to happiness
Burn that rubber all day long

SAELESMAN: RHONDA, SHONDA, CHARLOTTE: Ooooh
On the road to happiness
You won't never go so wrong

SALESMAN, RHONDA, SHONDA, CHARLOTTE:
Get on the road to happiness
Burn that rubber all day long

SAELESMAN: RHONDA, SHONDA, CHARLOTTE: Ooooh
On the road to happiness
You won't never go so

“Aliens Stole My Brain”

Susan, George, Ron, Mary, Lugnut, Hot Rod

SUSAN:
I saw it in the movies and I saw it last night
On the television set, it really gave me a fright
Invaders from everywhere are coming for you
If they said it on television
Then it must be true

MARY:
People listen to the world and believe what they say
Never argue, never question, never get in the way

GEORGE:
If they say you should believe it
Then that's what you better do

SUSAN, GEORGE, MARY, RON:

Walter Cronkite said it

So it must be true

I think aliens stole my brain

Looks like they're driving us all insane

'Cause I've been brainwashed by what I see and hear

Look out, it's them, they're everywhere

RON:

I went to see a movie called *Inherit the Wind*

It was all about a monkey but it wasn't pretend

They told me evolution is the way that we grew

If they said it at the pictures

Then it must be true

LUGNUT, HOT ROD:

Believe it and accept it and remain in the dark

In the paper, on the TV, or at Palisades Park

SUSAN:

All the gossip and the chatter

No, I really never knew

If you keep on talking

You can make it true

SUSAN, GEORGE, MARY, RON, LUGNUT, HOT ROD:

I think aliens stole my brain

Looks like they're driving us all insane

'Cause I've been brainwashed by what I see and hear

Look out, it's them, they're everywhere

“I Did”

Nancy, Eve, Debbie

NANCY:

Hey, look it here
Never thought this would happen to
Me, ‘cause I thought
That my whole life was snappin’ me
Outta my mind
You were likely to find
Me in ever a terrible state
But then I did
Me, myself, and I, I did

Hey, look it here
Look at what I accomplished
I did what I thought
I could only have wished for
And outta the blue
All my wishes came true
All because of a singular thing
It’s what I did
Me, myself, and I, I did

EVE, NANCY:

Who built a tower
High as the sky
We built it together
Me, you, and I

EVE:

Hey, look it here
Look at what you can do when you
Trust in yourself
The perfection within you

EVE, NANCY:

Will carry the day
You’ll be so blown away
By the things that you do and you say
Just like we did
We, ourselves, and us
We did

Don't need any help because we did

DEBBIE:

Hey, look it here
Never thought I could do it
This way, but I see
If you'll take yourself through it
You'll suddenly see
That you're actually free
To be just what you wanted to be
Just like I did
They don't understand just what I did
But just between You and me, we did
They'll never know it was You who did

“Big, Mean, Red, Green, Horrifying, Terrifying Thing”

Lugnut, Hot Rod, Susan, George, Mary, Ron

LUGNUT:

There's a mighty strange phenomenon
That happens every day
Someone says it on the TV
And we fall for what they say

HOT ROD:

Though trouble comes from deep within
Our hearts are quickly turned
By what we see and what we hear
And what we think we've learned

SUSAN, LUGNUT, HOT ROD, GEORGE, MARY, RON:

Just like a big, mean, red, green
Furry, fuzzy, scary, slimy
Big, mean, red, green
Horrifying, terrifying thing

LUGNUT:

Yeah, what we see in front of us
Is easy to believe
So people use the sight and sound
To trick us and deceive

HOT ROD:

They don't believe the story
Deep inside they know it's trite
They just need to say it's true
To make their problems look all right

SUSAN, LUGNUT, HOT ROD, GEORGE, MARY, RON:

Just like a big, mean, red, green
Furry, fuzzy, scary, slimy
Big, mean, red, green
Horrifying, terrifying
Big, mean, red, green
Furry, fuzzy, scary, slimy
Big, mean, red, green
Horrifying, terrifying thing

Bang bang wippity wang
Ea ooh do wah do
Bang bang wippity wang
Bing walla bing bang bang

Bang bang wippity wang
Ea ooh do wah do
Bang bang wippity wang
Bing walla bing bang bang

LUGNUT:

Stempel said, "It's *On the Waterfront*"
His winning streak is done
But if he had answered "*Marty*"
Then he really would have won

If temptation and distraction
Could speak, I think it'd say

CHIPMUNK VOICE:

"I can't believe you fall for all this
Every single day"

SUSAN, LUGNUT, HOT ROD, GEORGE, MARY, RON:

Just like a big, mean, red, green
Furry, fuzzy, scary, slimy

Big, mean, red, green
Horriying, terrifying
Big, mean, red, green
Furry, fuzzy, scary, slimy
Big, mean, red, green
Horriying, terrifying thing

“Welcome to Our House”

Rhonda, Shonda, Charlotte, Pamela

RHONDA:

Life is kinda like a great big house
All polished and sparkly from without
But please ignore the sick behavior that we do
Like different water fountains made for me and you

RHONDA, SHONDA, CHARLOTTE, PAMELA:

But welcome to our house
Our happy little haunt
We really hope that you enjoy your stay
But underneath the gleam
We're vile and obscene
But we'll pretend that everything
Is A-OK
When you walk into our house

SHONDA:

Society is like a great big house
Our manners are perfect without a doubt
But we can play a little game with JFK
Counting just how many ladies have been in today

RHONDA, SHONDA, CHARLOTTE, PAMELA:

But welcome to our house
Our happy little haunt
We really hope that you enjoy your stay
But underneath the gleam
We're vile and obscene
But we'll pretend that everything
Is A-OK
When you walk into our house

CHARLOTTE:

So when you come and visit our great big house
Hidden in the cupboards, you'll soon find out

RHONDA, SHONDA, CHARLOTTE, PAMELA:

Are addictions and behaviors so ugly and blue
They make Jack the Ripper look like Captain Kangaroo

But welcome to our house
Our happy little haunt
We really hope that you enjoy your stay
But underneath the gleam
We're vile and obscene
But we'll pretend that everything
Is A-OK
When you walk into our house

“My First Love”

Nancy

NANCY:

Wanted to be a teenager in love
Wanted to see what a life in love could be
Then I found the greatest love that I will ever see
When You went and died for me and hung upon a tree

And I thought that I'd be happy
When they said to me we'll make your life
A dream upon a cloud up in the sky
But even if I'm left alone
I'll never be alone
Because Your love has overtaken me
I'm flyin' high

When I looked into Your eyes
You took me to the skies above
No matter who I meet
I'll always be complete
Jesus, You'll always be my first love
My first love

Wanted to be a teenager in love
Wanted to do what they said I ought to do
But the depths of human love will never carry through
Like the One who shed His blood to make my heart like new

And I thought that I'd be happy
When they said to me we'll make your life
A dream upon a cloud up in the sky
But even if I'm left alone
I'll never be alone
Because Your love has overtaken me
I'm flyin' high

When I looked into Your eyes
You took me to the skies above
No matter who I meet
I'll always be complete
Jesus, You'll always be my first love
My first love

And if that special day
Never comes my way
Jesus, You'll always be my first love

“Turn Your Eyes Upon Jesus”

Rhonda, Shonda, Charlotte, Mrs. McCarthy

RHONDA, SHONDA, CHARLOTTE:

Sha na na na na
Turn your eyes upon Jesus
Look full in His wonderful face

SHONDA:

And the things of earth will grow strangely dim

RHONDA:

In the light of His glory and grace

MRS. MCCARTHY:

Turn your eyes upon Jesus
Look full in His wonderful face

And the things of earth will grow strangely dim
In the light of His glory and grace
And the things of earth
Will grow strangely dim
In the light of His glory and grace

RHONDA, SHONDA, CHARLOTTE:
In the light of His glory and grace

ESCAPE FROM THE GRAND GUIGNOL

“My Diagnosis”

Flame, Flint, Preacher, Janus, Thorn, Spark, Mud, Quizling

THORN:

I started to think that I wasn't alone
When I sat in the living room there in my home
There was someone behind me that I couldn't find
And that's when they told me I'm out of my mind

PREACHER:

I started to pray when I started to think
That my life is beginning to go down the sink
And somebody heard me, I know what He said

JANUS:

And that's when they told me I'm out of my head

FLAME:

I've been to the doc and I've been to a shrink
They wrote it all down in indelible ink
They told me “Society's gotten corrupt
If you talk about God then we're locking you up”

ASYLUM VOICES:

Welcome to bedlam
Welcome home
Have a good sleep

And the birds go cheep
And the shadows creep
And you're in neck-deep
Hope all is well in your padded cell
Click, lock, clink

QUIZLING:

I started to think there's a right and a wrong
A note to the tune and a word to the song
A way and a truth and a life beyond doubt

SPARK:

He set me so free that I wanted to shout

MUD:

You can think of it now or think of it later
All that you see has got a Creator
It's all understandable if you'll let it

JANUS:

The doc and the shrink don't seem to get it

PREACHER:

I hate to admit it, but I've got to mention
I really believe in another dimension
A world and a place you can't see with your eyes
Beyond the stars, beyond the skies

FLINT:

I know that I've seen it, I know I'm not blind

FLAME:

And that's why they tell me I'm out of my mind

ASYLUM VOICES:

Welcome to bedlam
Welcome home
Have a good sleep
And the birds go cheep
And the shadows creep
And you're in neck-deep
Hope all is well in your padded cell
Click, lock, clink

FLAME:

I'll tell you my story, take a seat
There's someone inside me I'd like you to meet
He says He's a King and I believed it
He offered me freedom and I received it

I said, who are You, why are You here
He said I had no reason to fear
He knocked on the door and I let Him in
He said I'll free you from your sin
And you will never be the same
But Sir, I asked, please tell me Your name

The Name above all Names is living inside me
And that's why they're desperately trying to hide me
They tie me with rope and with fetter and chain
And tell me I'm hopelessly

FLINT: Utterly

FLAME: Insane

“Hey-Ho”

Isabella, Esmerelda

ISABELLA:

In what we do and what we are
It's fair to leave our comments
Doing as we please and as we like
It's quite a good performance

ESMERELDA, ISABELLA:

Hey-ho the merry-o
This life of pedigree is so
Oh-ho, so good to me

ISABELLA:

'Cause I do the things
And I say the words
And I'm flying free
Like the chirping birds

So I know
Hey-ho
It's the way to go

Conformity is nothing more
Than being what they've made us
Though it can be rather grueling work

ESMERELDA, ISABELLA:
To keep your normal status

Hey-ho the merry-o
This life of pedigree is so
Oh-ho, so good to me
'Cause I do the things
And I say the words
And I'm flying free
Like the chirping birds
So I know
Hey-ho
It's the way to go

ISABELLA:
This is how to speak
This is right and wrong
Here's the music and the lyrics for your song

ESMERELDA, ISABELLA:
'Cause normal's anything we say it is
Anything at all, so

Hey-ho the merry-o
This life of fancy free is so
Oh-ho, so good to me

ESMERELDA:
And I don't complain
When the world is rot

ISABELLA:
And it smells like a bloke
Who's smoking pot

ESMERELDA, ISABELLA:

'Cause I know
Hey-ho
It's the way to go

"I'm Beside Myself"

Flame

FLAME:

See, what's happening to me
Is harder to explain
And so you write it off
As being totally insane
May sound a little odd
I've been invaded by a Living God

I don't do what I want to do
And I do what I don't want to do

I'm beside myself
I've been torn apart
By the one who's come inside my heart
Possessed by His love
He has set me free

But it's not just me
It's Him and me
When you say "me"
Then you should say "we"
I know it doesn't make a lotta sense
So you'll prob'ly say that I'm just being dense
And try to lock me up inside a fence

We'll try again

See, what's happening to me
My former self is dead
And I'm alive in Christ
Why can't you get that in your head
It's kinda just a thing
I'm overpowered by a royal King

All your temptations I don't need
'Cause I'm free and I'm free indeed

I'm beside myself
I've been torn apart
By the one who's come inside my heart
Possessed by His love
He has set me free

But it's not just me
It's Him and me
When you say "me"
Then you should say "we"
And you don't know what else I've got in store
There's always room for just a little more

And sometimes when I speak, you're not talking to me
You're talking to Him

I'm beside myself
I've been torn apart
By the one who's come inside my heart
Possessed by His love
He has set me free

But it's not just me
It's Him and me
When you say "me"
Then you should say "we"

“A Slight Angle to the Universe”

Esmerelda

ESMERELDA:

I see them praying to their friend
But for them it's not pretend
If I keep going down this path
Where will it end

I see them reading from that Book
By a god or by a crook
I haven't had the chance to look
What will I find
Am I losing my mind

Beyond the bounds of time and space
Is there really such a place
Is there a King of everything
Can I find a way
Is He living at a slight angle to the universe

I see them bowing to their Lord
Standing all in one accord
For His name they'll take the blame,
The chair, the sword

I see them treated like the dirt
Tortured, tied, and bruised and hurt
A danger to society
Or is it me
Drowning in my own insanity

Beyond the bounds of time and space
Is there really such a place
Is there a King of everything
Can I find a way
Is He living at a slight angle to the universe
Are You living at a slight angle to the universe

“How Great Thou Art”

Miss Kitty

MISS KITTY:

Oh Lord, my God, when I in awesome wonder
Consider all the worlds Thy hands have made

I see the stars, I hear the rolling thunder
Thy power throughout the universe displayed

Then sings my soul, my Savior God to Thee
How great Thou art, how great Thou art

Then sings my soul, my Savior God to Thee
How great Thou art, how great Thou art

Then sings my soul, my Savior God to Thee
How great Thou art, how great Thou art

“I Said the J Word”

Flame, Flint, Kirk, Angel, Preacher, Evie, Thorn, Spark, Mud

FLAME:

Did you hear me
Are you listening behind these walls
Behind the mirror
So if you thought you heard
Me say a naughty word
You were right
I spoke the name of Christ

I said the “C” word, I said Christ

MUD:

I said the “J” word, I said Jesus

FLAME, FLINT, PREACHER, SPARK, THORN, MUD:

Lamb of God, King of Kings, Prince of Peace
Over everything

SPARK:

Did you hear me
Are you listening behind these walls
Behind the mirror
Is it so terrifying
That I can send you flying
When I say
That Jesus is the way

EVIE:

Did you hear me
You're all listening behind these walls
Behind that mirror
You think it's like a plague
That knocks you down a peg
When I scream the "J" word
In the street

FLAME, FLINT, PREACHER, SPARK, THORN, EVIE, KIRK, ANGEL:

I said the "C" word, I said Christ
I said the "J" word, I said Jesus
Lamb of God, King of Kings, Prince of Peace
Over everything

FLAME, KIRK, ANGEL:

Every soul will tremble at His
Every knee will bow before His name

KIRK:

Did you hear me
Are you listening behind these walls
Behind the mirror

ANGEL:

So if you thought you heard
Me say a naughty word
You were right
I spoke the name of Christ

FLAME, FLINT, PREACHER, SPARK, THORN, MUD, EVIE, KIRK, ANGEL:

I said the "C" word, I said Christ
I said the "J" word, I said Jesus
Lamb of God, King of Kings, Prince of Peace

Over everything

Every soul will tremble at His
Every knee will bow before His name

FLAME:

And humbly I bow before His name

“Grand Guignol”

Flame, Flint, Kirk, Angel, Preacher, Spark, Thorn, Janus, Isabella, Esmerelda

KIRK:

Scamper through the halls
They’ve got eyes within the walls
We have very little time on our hands

ANGEL:

Slip between the crack
They can’t catch us in the act
If we follow every step of our plans

JANUS:

In this whole illusion
Your lost in your confusion
And searching for a way you can go
Think you can beguile ‘em
While locked in their asylum
Your fate will be worse than you know

FLAME, FLINT, KIRK, ANGEL, PREACHER, SPARK, THORN, MUD, JANUS, QUIZLING:

God save my soul
From the Grand Guignol
Where the blood drips
And your mind flips
And the world has gone round the bend
Is this the end of the rope
There’s hope at the end of my goal
When I break free from the Grand Guignol

ESMERELDA:

How could I for so long
Have managed just to prolong
Oppression for the ones who believe
Throw away my fallacy
Got a new reality
Truth is always there to receive

FLINT:

In a world of darkness
They're hitting close to mark
This is war for every soul yet to save

PREACHER:

Earth will pass away

QUIZLING:

But His word will always stay

FLINT, PREACHER, QUIZLING:

'Cause He conquered hell and the grave

ISABELLA:

All of it's confusing
Whenever you are losing
The one you thought that you knew by heart
Life is rather bitter
But could I reconsider
Myself with a brand new start

To save my soul
From the Grand Guignol
Where the blood drips
And your mind flips
And the world has gone round the bend
Is this the end of the rope
We grope and we scrape for the goal
Shivering here at the Grand Guignol

“I Owe Everything to the Red Light District”

Isabella

ISABELLA:

I owe everything to the red light district
There on Central and Grand
I got what I need from chewing on weed
And holiday trips from my contraband

I owe everything to the red light district
Me and them are to blame
Yes, I'm in the wrong for joining the song
But tempting with evil's a terrible game

I owe everything to the red light district
Where you *smack* and you *blow*
Just rev up your speed, you don't really need
To know anything, just enjoy the show

High and low, there's a red light district
Poured in multiple kegs
'Cause filth and all scum can easily come
From the high and the mighty as well as the dregs

So give my regard to the red light district
Here at the Grand Guignol
Where they drove me insane and they fried up my brain
A lobotomy of my spirit and my soul

NIGHTWORLD

“Shine”

Copper, Scarlet, Gizmo, Knuckles, Digit, Cork, Calico

COPPER:

Whether you push me down
Or keep me inside the line
Gonna keep on standing
And the light inside me's gonna shine
Whether you turn away
In the dark
Of the night
It shines as bright as day

SCARLET:

Whether you let me go
Or whether you tie me down
Gonna keep proclaiming
And the whole wide world will hear the sound
I can still scream and shout
I don't care
What you say
I gotta let it out

COPPER, SCARLET:

My light's turned on and it's always gonna shine
And I'll believe till the day I die

COPPER, SCARLET, GIZMO, KNUCKLES, DIGIT, CORK, CALICO:

Whether you lock me up
Or whether you give or take
Gonna keep on singing
Till the prison doors begin to shake
Not gonna play your game
Standing strong
All night long
With my eternal flame

My light's turned on and it's always gonna shine
And I'll believe

SCARLET:
Even if I die

“Thank You, Steven Engel”

Mrs. Dithers, Miss Bitter, Mr. Brimstone

BRIMSTONE:
Remember that time in '62
When we decided that we were through
With boys and girls praying in their schools
We don't want little children praying in their schools
So a man named Steven Engel changed the rules

MRS. DITHERS, BRIMSTONE:
Thank you, Steven Engel
For what you had to do
All the chaos and the trouble
And the wreckage and the rubble
Can be traced right back to you
Three cheers for Mr. Engel
Your monument withstood
Taking God away from school that day
Really did us a world of good

MRS. DITHERS:
Remove one brick from out the wall
And even though it's very small
That one little thing makes a big effect
And before you know it, everything is wrecked
Till the mess is greater than you could expect

MRS. DITHERS, MISS BITTER, BRIMSTONE:
Thank you, Steven Engel
And thank the courtroom, too
One decision may be little
But there's never an acquittal
For the actions that you do
In darkness, Mr. Engel,

Our children know what's true
When we see our school on the front page news
We'll be sure to think of you

BRIMSTONE:
We beg thy blessings upon us, Mr. Engel

“Starless Night”

Wick

WICK:
Wish upon a starless night
Hope forever there
Crying for the morning light
Is it anywhere

Every day in a dungeon
Feel the cold, feel the chill
Running through my hair
Every night longing for the stars in the sky

Dream upon a starless night
Is there hope for me
Praying for the one true Light
Come and set me free

Sleeping in this starless night
When does morning come

“All Fall Down”

Griselda, Gretel

GRISELDA:

There's lots to be said for fun and games
Who cares if you can't see a thing
Teasing and joking and calling names
Why can't life be a fling

GRETEL:

There's lots to be said for laziness
Who cares about finding what's true
Ring around rosies
Pockets of posies
Pleasures for me and for you

GRISELDA, GRETEL:

London bridges falling down
All fall down

GRETEL:

There's lots to be said for shirking off
For squandering all of your days
Instead of just spending it working off
Your humble and virtuous ways

GRISELDA:

There's lots to be said for selfishness
For playing the part of the fool

GRISELDA, GRETEL:

Ring around rosies
Pockets of posies
Dark doesn't have to be cruel
London bridges falling down
All fall down

GRISELDA:

There's lots to be said for introspect
Stay home and take care of yourself
Keeping your heart and your intellect
Locked away on the shelf

GRISELDA, GRETEL:

There's lots to be said for snatching up
For grabbing and hoarding the lot
Just let the world die
As long as I've
Got all of the things that I've got

London bridges falling down
Crumbling upon the ground
Every sight and every sound
All fall down

"I Will Stand"

Scarlet

SCARLET:

Stand, when the world is sitting
Stand, when they're all forgetting
Who He is and what He's done for us
Rise, when the world is falling
Rise, when You hear Him calling
"Follow Me, I am the Light that can set you free"

I will stand, having done all, stand
Having lived all, stand
I have kept the faith
I have run the race
Till I see Your face
I'll stand, having done all, stand
Having lived all, stand
Till You say "well done,
Good and faithful one"
I will take my place and stand

Fight, when the world is winning
Light at the world's beginning
Shining like a beacon from my heart
Stand, when they persecute you
And try to convolute you
Look and see, He is the Light that can set you free

I will stand, having done all, stand
Having lived all, stand
I have kept the faith
I have run the race
Till I see Your face
I'll stand, having done all, stand
Having lived all, stand
Till You say "well done,
Good and faithful one"
I will take my place and stand

I will stand, having done all, stand
Having lived all, stand
I have kept the faith
I have run the race
Till I see Your face
I'll stand, having done all, stand
Having lived all, stand
Till You say "well done,
Good and faithful one"
I will take my place and stand

"Sing if You're Glad to Be Saved"

Gizmo

GIZMO:
Sing if you're glad to be saved
Sing if you're happy this way
Our times have changed, and now it's strange
When you say that you're glad to be saved

Decency, courtesy, sanity
Mistook it for Christianity
But godliness isn't just being polite
It's giving your heart to the one true light
So,

Sing if you're glad to be saved
Sing if you're happy this way
Our times have changed, and now it's strange
When you say that you're glad to be saved

Society never was what it seemed
An imperfect world isn't what you've dreamed
So call me a freak when I say what's true
I'm despised and rejected, but Jesus was, too
So,

Sing if you're glad to be saved
Sing if you're happy this way
And I don't care if you call me strange
When I say that I'm glad to be saved

“Magnesium’s Song”

Magnesium

MAGNESIUM:

So many people say “that’s what I should have done”
I had my place in the race and I should have won
But who’s gonna reach the unreachable
Who’s gonna teach the unteachable
Will it be you

Are you gonna be the one
To take the final stand
To make the choice
To be the voice
In a dark and dying land
Standing in the dead of night
To say “yes, I’ll go”
Into all the world to be His light
Are you gonna stand the night

So many people lost in a hopeless dream
Wandering, questioning what does this all mean
So who’s gonna go if we turn away
Who’s gonna be the one to say
Will it be you

Are you gonna be the one
To take the final stand
To make the choice
To be the voice

In a dark and dying land
Standing in the dead of night
To say "yes, I'll go"
Into all the world to be His light
Are you gonna stand the night
Lord, I am gonna stand the night

"Possibility"

Nicknack, Page, Trinket, Sparrow, Penny, Wick, Scarlet

NICKNACK:

It isn't that hard to believe in what you can't see
Isn't that much of a stretch
When you close your eyes you see
The possibility
Without the I or the M

PAGE:

It isn't that hard to have faith in what you don't know
There isn't even a catch
In your heart you believe and see
The possibility
When your eyes are on Him

NICKNACK, PAGE:

Impossibility, it's okay
Just throw the I and the M away
Then possibility isn't so hard to believe

NICKNACK, PAGE, TRINKET, PENNY:

Take a look at the wind when it blows
Where it comes from nobody knows
Do you say it's not there
'Cause I can't see it with my eye
But a bird can sure feel it
When it starts to fly
How do you know
Because you believe

WICK:

It isn't that hard to believe in what you can't see

When you get into the flow
And you close your eyes and see
The possibility
There's just no other way

WICK, SCARLET:

It isn't that hard to have faith in what you don't know
When you decide to let go
Take a flying leap and see
The possibility
It's kinda crazy, but hey

WICK, SCARLET, NICKNACK, PAGE, TRINKET, PENNY:

Impossibility, it's okay
Just throw the I and the M away
Then possibility isn't so hard to believe

SPARROW:

Impossibility, it's okay
Just throw the I and the M away

NICKNACK, PAGE, TRINKET, SPARROW, PENNY:

Then possibility isn't so hard to believe

“Revolution Song”

Wick, Page, Nicknack, Trinket, Sparrow, Penny

WICK, PAGE, NICKNACK, TRINKET, SPARROW, PENNY:

Good evening, everybody
Hope we haven't interrupted
We know the game you're playing
And it really isn't right
When you're in the dark
Then everything becomes corrupted
Gotta find a way to get the Light

You can only be free when you turn the Light on
Never will see till you turn the Light on
Ready to fight for the one true Light
Fierce and free 'cause we got the Light on

You think that those who find the Light
Have given up their freedom
But in the dark, you can't be free
Because you cannot see
Jesus said to spread the Light
Disciple 'em and lead 'em
Only then can you be really free

You can only be free when you turn the Light on
Never will see till you turn the Light on
Ready to fight for the one true Light
Fierce and free 'cause we got the Light on
We can see 'cause we got the Light on

“This Light of Mine”

Magnesium, Ember, Flame, Glow, Nimble

NIMBLE:

*This little light of mine
I'm gonna let it shine
This little light of mine
I'm gonna let it shine*

EMBER:

This light of mine
I'm gonna let it shine

EMBER, MAGNESIUM, FLAME:

This light of mine
I'm gonna let it shine

EMBER, MAGNESIUM, FLAME, GLOW:

One thing they got so wrong
When they wrote that song
This light of mine isn't little
My light is big
My light is strong
And you will see my light
All night long

“At the End of the Day”

Do you hear the sound of abundance of rain
I see the storm coming over us
Down and down the rain comes down
And the winds blow everything all around
Did you built it on sand
Or upon the rock
At the end of the day
Will you stand at the end of the day

MEGSIE: A PILGRIM’S PROGRESS

“Somewhere”

Evangeline

EVANGELINE:
Somewhere in that world you hold to
Someone’s calling you home again
Somewhere there’s a land eternal
Can it be
You’re calling me
A life with You forevermore

“Picture It”

Megsie

MEGSIE:
Picture it, eternity
Picture it, forever free

Picture it, I’m goin’ home
Picture it, no longer alone
And I don’t know where my path will lead
Sometimes you gotta plant the seed
Getting out of Rotten and finally freed
When I just picture it

Evidence of things unseen
Whispers from a long lost dream
But is it true, I have some doubt
Gotta take a step if I want to find out

Picture it, no longer chained
Sun and sky instead of rain
Clear away the sorrow, hurt, and pain
I know I gotta be insane
But I hear Him calling out my name
When I just picture it

And you gotta take a step or two
Believe that He is calling you
Till you find that your belief is true
When you just picture it

“A Worldly Life”

Whirlywise, Rebel

WHIRLYWISE:

Rum dee dee
This life is good for me
Let's raise a glass and raise a cheer
And hope my luck is good this year
'Cause hi ho hee
A worldly life for me
Take what you want and lock the door

REBEL:

That's what I'm picking pockets for

WHIRLYWISE & REBEL:

A worldly life is quite a life for me
Rum dee dee
This life is good for me
Let's live it up without a care
With worldly riches everywhere
'Cause hi ho hee
A worldly life for me

REBEL:

A golden watch around my wrist

WHIRLYWISE:

Although I'm quite the narcissist

WHIRLYWISE & REBEL:

A worldly life is quite a life for me

“Ad Infinitum”

Whirlywise, Madam Bubble, Folly, Chitchat, Mercy

WHIRLYWISE, MADAM BUBBLE, MERCY:

Come along and see

What life can do for me

Where to go and what to do

What's a lie and what is true

Every day life goes on

Ad infinitum

On and on and on and on

FOLLY, CHITCHAT:

Look at all these things

What happiness it brings

You could spend your life pursuing

Eating, drinking, chomping, chewing

Every day life goes on

Ad infinitum

On and on and on and on

WHIRLYWISE:

This way, that way

Any way that you wanna go

Life is full of great surprises

Coming in all shapes and sizes

Put away your sense of right and wrong

Make a secular decision

Don't waste time on vain religion

Come along and join into our song

FOLLY:

Life is worth its weight in gold
So live it up before you're old
Take what you can get and keep on taking

CHITCHAT:

Spend your life just seeking pleasure
Fill your pockets up with treasure

WHIRLYWISE:

Oh, what a merry time we're making

MADAM BUBBLE:

And every day life goes on

Ad infinitum

On and on and on and on

Long ago I tried to seek
The narrow road to truth and life
But the ground was far too deep
Than my sinful heart would go
On and on the hurt and the pain
On and on You're knocking at my door
Saying "Let Me in
I'll take away your sin
I am the way, the truth, and the life"

WHIRLYWISE, MADAM BUBBLE, FOLLY, CHITCHAT, MERCY:

Come along and see

What life can do for me

Where to go and what to do

What's a lie and what is true

Every day life goes on

Ad infinitum

On and on and on and on

On and on and on and on

And on and on

“See the World”

Leap

LEAP:

In the world you're looking for
In the place you're dreaming of
There's a life awaiting you
When you take a step, you see
What you never thought could be
A step of faith and you're free

So close your eyes and see
All He has given you and me
If you don't close your eyes
You'll never see the world

So close your eyes and see
All He has given you and me
If you don't close your eyes
You'll never see the world

If you don't close your eyes
You'll never see the world

“Handel Revisited”

Evangeline

EVANGELINE:

And He shall reign forever and ever
And He shall reign forever and ever

King of kings and Lord of lords
King of kings and Lord of lords

And He shall reign forever and ever
And He shall reign forever and ever

The kingdom of this world
Is becoming the kingdom of our Lord
And of His Christ

And He shall reign forever and ever
And He shall reign forever and ever

King of kings and Lord of lords
King of kings and Lord of lords

“Finders, Keepers”

Countess DeSeever

COUNTESS:

There once was a traveler who thought his way
Was right, was sure
“Whence come you and whither are you bound”
I said to the traveler, “Have you found
Your way to the path of life”

He said “No, never heard of any path
Never heard of any life
Any way, any truth”
I said “By this I perceive that thou art mine”
If the King hasn’t found you, then you are mine

Finders, keepers
When I get my hands on you it’s
Finders, keepers
Your soul is up for grabs
Unless you got the blood upon your door
I’ll find you, snatch you, and keep you forevermore

Unless you’re bought by the Son of God
His cross, His blood
Then you’re fair game and easy to become
A victim of mine, struck deaf and dumb
By the trickery of men
And the cunning, oh, the cunning
Little craftiness
Of deadly and deceitful plotting
What fun, what thrill

Finders, keepers
When I get my hands on you it’s

Finders, keepers
Your soul is up for grabs
Unless you got the blood upon your door
I'll find you, snatch you, and keep you forevermore

So unless you've got conviction 'bout
The way that you've been living
Turn away from your Messiah
And His promise of forgiving you
You're now my pretty ornaments
Forever and forever
And forever is a very long time, my dears
Finders, keepers
When I get my hands on you it's
Finders, keepers
Your soul is up for grabs
Unless you got the blood upon your door
I'll find you, snatch you, and keep you forevermore

“Don't Know, Don't Care”

Folly, Chitchat

FOLLY:
Would you rather be
Living happily
We don't have to be
Walking one way
Could be lots of ways
To live out the days
Don't get in a craze

FOLLY & CHITCHAT:
I don't think a lot about it
But if you wanna know
I'll gladly shout it out

Don't know, don't care
Don't give a whoops about anywhere
Don't ask, don't tell
Don't mention heaven or that other place
Go your way, it's not a disgrace

I think that's fair
Since I don't really know
And I don't really give a care

CHITCHAT:

Lovin' life
And I'm free as air
I don't think or care
About things I can't see
Don't be clever
Just do whatever
It's now or never, 'cause

FOLLY & CHITCHAT:

I don't think a lot about it
But if you wanna know
I'll gladly shout it out

Don't know, don't care
Don't give a whoops about anywhere
Don't ask, don't tell
Don't mention heaven or that other place
Go your way, it's not a disgrace
I think that's fair
Since I don't really know
And I don't really give a care

Don't know, don't care
Don't give a whoops about anywhere
Don't ask, don't tell
One single principle to know is this
Ignorance is all about bliss
I think that's fair
Since I don't know

CHITCHAT:

And I really don't care

“What Harm Can It Do”

Horace & Horrid

HORACE:

Here's what you do
When you walk through the valley
You find out what's true
Is what you knew before
It's what you always thought
It's only a sin if you ever get caught

So look a little bit
Lie a little bit
Cheat a little bit
Tra la la la

HORACE & HORRID:

What harm can it do
What harm can it do
Just between you and me
What harm can it do

HORACE:

Here's what you see
When you walk through the valley
You're fun and you're free
For the rest of your life
So take a little look
It's only a sin if you go by the Book

So learn a little bit
Try a little bit
Do a little bit
Tra la la la

HORACE & HORRID:

What harm can it do

What harm can it do
Just between you and me
What harm can it do

HORACE:

Got her in a trap
Get her in a snare
Pull her by the hair
Tra la la la

What harm can it do
What harm can it do
Just between you and me
What harm can it do

INKWELL:
Today is the day we’ve been dreamin’ about
At last humankind has found a way out

It’s all to do with my point of view
However I see it, it’s gotta be true
A rearrangeable plan, you see
For the first time in history, everyone’s free

RED JASPER:
Morality used to be strangling us

JAZZBERRY JAM:
But now you don’t got to make all of that fuss

“Who Am I”

Violet

VIOLET:

Questions swirling around inside my head
Is the story really what I've always read
So who am I
Where am I
What am I doing here
If only someone would tell me
Is the answer in the back of the book
Someone please help me take a look

“Anything That You Want”

Peddler, Violet

PEDDLER:

Take a look at what you'd like
And make it all your own
You can turn a loaf of bread
From any kind of stone
All the kingdoms of the world
Anything you see
You can have the lot of it
If you follow me

Anything that you want
Anything that you see
All that you desire you can get from me
'Cause I'm an easy salesman
And I never pick or choose
Just sign the line and don't waste time
What have you got to lose

Knew a girl just like you
Who simply couldn't see
What harm there was in eating
From a simple apple tree
I told her eating of the fruit
Would make her bloody wise
What's pain in childbirth compared
To the pleasure of your eyes

Anything that you want
Anything that you see
All that you desire you can get from me
'Cause I'm an easy salesman
And I never pick or choose
Just sign the line and don't waste time
What have you got to lose

VIOLET:

Just sign the line and don't waste time
What have I got to lose

“Amazing Grace”

Magenta

MAGENTA:

Amazing grace, how sweet the sound
That saved a wretch like me
I once was lost, but now am found
Was blind, but now I see

Through many dangers, toils, and snares
I have already come
T’was grace that brought me safe thus far
And grace will lead me home
We’ve no less days to sing God’s praise
Even when we’re here ten thousand years from now

You, Lord, have promised goodness to me
Your word my hope secures
You will my shield and portion be
As long as life endures

Amazing grace, how sweet the sound

“The Peddler’s Rant”

Peddler

PEDDLER:

Look at this, oh what bliss
Everything has gone amiss
I just took another soul or two
My methods may be sloppy, but you do what you can do
When my opponent happens to be You

Look and see, oh dear me
Someone’s on a robbing spree
Like to keep the public on its toes
Okay, my plan for glory failed, but as the story goes,
I’ll take as many with me as I can

Hey, You, King of Kings
This is what rebellion brings

I'm gonna give it everything I got
I know the battle's ended
God, I wish You had descended
But You had to have an encore

Lay it straight, I can relate
I got the world upon a plate
Getting people more and more confused
I know those false religions are a pretty lousy ruse
But You're the one made them so they can choose

Lust and crime, all the time
Riches, oh, we're doing fine
The Lexus and my snappy 401K
I'm keeping them distracted every moment of the day
Till death do they part, let's keep it that way

Hey, You, Lord of all
Been a while since my fall
But under circumstances, doing well
I know You rather won it
God, I wish You'd never done it
But You had to have an encore

Trashed Your godly ways
Look at people nowadays
Screwing up how You created them
It's he, not she, and oh dear me, we're taking pride in revelry
It's her, it's him, it's me, it's you, it's it

But, hey, win or lose
Still I got my rainbow shoes
And they're going faster than you know
I may not be so brilliant, but I can deceive and lie
And in my profession, that'll get you by

Hey, You, Son of God
Didn't really spare the rod
When You and I contended on that cross
I really thought I had You
And it really made me mad You
Had to give yourself an encore

And thanks to You my kingdom now has crumbled to its knees
And on top of that, You stole my bleedin' keys

“Humanist Fantasy World”

Cherry Jam

When I come home from work
And I boil me some tea
I think to myself
Is there anything for me

The ways of the world take me round and back again
Over and over again

So what is the meaning of life as we know it
According to what they all say that it is
Are we living inside of a humanist fantasy world
Is life worth living in a humanist fantasy world

When I lie there awake
In the stillness of night
I think to myself
Will I ever be made right

The ways of the world take me round and back again
Over and over again

So what is the meaning of life as we know it
According to what they all say that it is
Are we living inside of a humanist fantasy world
Is life worth living in a humanist fantasy world
I'm trapped inside of a humanist fantasy world

“If You Want it, You Can ‘Ave It”

Raz, Dazzle, Flash, Sparkle

RAZ:

Take a piece of clay
And stretch it any way
No matter how you flex and bend it
Push and pull it, in the end it
Sets your mind at ease
‘Cause it does exactly as you please

If you want it, you can ‘ave it
Anything you want to do
No one to correct you
And no one to answer to
There’s power in my fingertips
Might be a little odd
But if you want it, you can ‘ave it
When you say your name is God

DAZZLE:

Take a piece of string
And think of anything
With just a twist you can inspire
Anything that you desire
When you take control
Of the very nature of your soul

RAZ, DAZZLE, FLASH, SPARKLE:

If you want it, you can ‘ave it
Anything you want to do
No one to correct you
And no one to answer to
There’s power in my fingertips
Might be a little odd
But if you want it, you can ‘ave it
When you say your name is God

FLASH, SPARKLE:

Life can be a cinch
When you don’t give an inch
To trusting God as your creator
Hey, just put it off till later

I'll get my reward
When I just proclaim myself as "Lord"

RAZ, DAZZLE, FLASH, SPARKLE:

If you want it, you can 'ave it
Anything you want to do
No one to correct you
And no one to answer to
There's power in my fingertips
Might be a little odd
But if you want it, you can 'ave it
When you say your name is God

If you want it, you can 'ave it
Anything you want to do
No one to correct you
And no one to answer to
There's power in my fingertips
Might be a little odd
But if you want it, you can 'ave it

RAZ:
When you say your name is God

"Illusion"

Amber Shift, Spectrum, Aurora

AMBER SHIFT:

Look at the lights, look at the sights
All of the glitter and all of the glam
Look at the sweets, look at the treats
Look at where I am
So many sights, so many sounds
This is where pleasure and treasure abounds
In a world of illusion
Magical tricks right before your eyes

In a world of illusion
I can be anything I wanna be
Look at the way it shines
Coming alive inside our minds

When you can pretend
There is no ending to your

“Heavenly Royalty”

Magenta, Blue

BLUE:

Who does He say I am?

Who does He make me out to be

Royalty, you and me

Forever royalty

Who does He say I am?

Who does He make me out to be

Royalty, you and me

Never have to be

Anything else but heavenly royalty

MAGENTA:

You mean, you don't want to be anything else? What about. . .

Would you be a mighty lion

Would you be a big tall tree

Would you be an airplane flyin'

Would you wanna be me

BLUE:

Don't have to be

No, I never have to be

Anything else but heavenly royalty

MAGENTA:

Who does He say I am?
Who does He make me out to be
Royalty, you and me
Never have to be
Anything else but heavenly royalty

But could I be anything better than that?

Could I be a great big giant
Could I be the sky so blue
What if I was self-reliant
Could I ever be you

BLUE:

Could you ever be me?
No, you never have to be
Anything else but heavenly royalty

I'm a king and you're a queen
And you'll always be heavenly royalty to me

MAGENTA:

Thank you, your royal highness!

“Have You Heard”

Prima, Secunda, Tertia

PRIMA:

Have you heard of a Man who came to save us
He died so that I could be free

SECUNDA:

Would you believe He was born in a stable
As humble as any could be

PRIMA, SECUNDA, TERTIA:

He started out small but He rose to the challenge
He had the divine right of kings
And He had to die so that I could live
A heavenly voice now sings

Holy, la-de-dah-dah
Holy, la-de-dah-dah
Holy, Lord Almighty

SECUNDA:

Have you heard of a Man who came to save us
He wasn't like you or like me

TERTIA:

He was still God in the form of a man
He came to set everyone free

PRIMA, SECUNDA, TERTIA:

He started out small but He rose to the challenge
He had the divine right of kings
And now He's alive so that I can live
Salvation is in His wings

Holy, la-de-dah-dah
Holy, la-de-dah-dah
Holy, Lord Almighty

PRIMA:

Have you heard of a man who came to save us

“Relativity”

Madame Tangerine

MADAME TANGERINE:

These days are changin'
And we gotta go with the times
So let's start accepting the very things
That used to be labeled as crimes

Relativity, isn't it great
It doesn't take much to believe it
Just do what you want, it'll all be okay
That's relativity
Three cheers for relativity

My dictionary
Has given us room to applaud
Inclusion and tolerance sound so good
I think they sound better than God
So,

Relativity, isn't it great
It doesn't take much to believe it
Just do what you want, it'll all be okay
That's relativity
Three cheers for relativity

One little problem
We gotta brush under the bed
There's only one way if that Jesus guy
Meant all of the things that He said
Oh, well,

Relativity, isn't it great
It doesn't take much to believe it
Just do what you want, it'll all be okay
That's relativity
Three cheers for relativity

Relativity, isn't it great
It doesn't take much to believe it
Just do what you want, it'll all be okay
That's relativity
Three cheers for relativity
Hooray for relativity

“Stole My Spotlight”

Violet

VIOLET:
Had it all worked out for me
Which way I would go
I had the steps, I had the groove
I knew which way my life would move
Until You

Stole my spotlight
When You stole my heart from me
Now it's Your show, You're center stage
You took the leading part from me
Now You're the starring role
From deep inside my soul
The curtain's up, the lights are on You, God
It's Your show

Thought I knew what I would do
When I took the stage
I knew I could be just as good
On Broadway or in Hollywood
Until You

Stole my spotlight
When You stole my heart from me
Now it's Your show, You're center stage
You took the leading part from me
Now You're the starring role
From deep inside my soul
The curtain's up, the lights are on You, God
It's Your show

You've got the better script
So I'm glad our parts were flipped
I'm proud to be for all eternity
In Your show
